Monitors For State Naval Militia.
WASHINGTON, June 2.—The navy depart-
ment is determined to do all in its power
for the encouragement of the naval militia
in the different states. An order has been
made transferring the old monitor Na-
tucket to the naval militia of North Caro-
lina. The monitor is a veteran of the war,
and was under heavy fire at the bombard-
ment of Charleston defenses. The ma-
chinery is in good condition, and the mon-
itor can in a few days be made as good as
she was when last in service. She will be
sent to Wilmington and turned over to the
North Carolina authorities.

The Massachusetts naval militia have
the monitor Passaic, which was placed at
the disposal of the state for naval militia
purposes.

A complete equipment of text books,
pamphlets and instructions is now being
prepared at the department for shipment
to Michigan, which state has recently
passed a law providing for the organiza-
tion of a naval militia.

Instructions as to Chinese.
WASHINGTON, June 2.—Attorney General
Olney said that he had issued special in-
structions in two instances only for the en-
forcement of the law against Chinese. These
instructions followed in the line of the
instructions issued by the treasury de-
partment and applied to Chinese who were
illegally in this country and not to the
violation of what is called the Geary law.

Low Freight on Liquor.

BROKEN BANKS

**Making Efforts to Resume Business—
Comptroller Eekles Replies.**

WASHINGTON, June 2.—President
Ransom and Attorney Porter, repre-
senting the failed National Bank of De-
posit of New York, had a conference
with Comptroller Eekles this morning
as to permitting the bank to resume
business. Comptroller Eekles told them
that his present information was that
the bank would have to be placed in the
hands of a receiver, but he would give
them reasonable time to make good its
impaired capital.

A commission consisting of Messrs.
Bennett and Strait, representing the
failed Chemical National Bank of Chi-
cago, also had a conference with Com-
ptroller Eekles with a view to the bank
resuming business. They were assured
that if they could present evidence in-
suring the stabilities of the bank in the
future they would be permitted to re-
sume.

Judge Dubose Removed.
NASHVILLE, June 2.—The case of
Judge Julius J. Dubose, of Shelby
county, was disposed of to-day by the
court of impeachment. The house of
representatives preferred 36 charges
against him and to-day the senate found
him guilty of two of them. Judge
Dubose was declared not guilty of 24
of the charges. One of those on which
he was found guilty was that which
charges him with arresting one Henry
Kennedy after he had been released
from jail on habeas corpus before Judge
Esier, of the circuit court, in short
he disregarded the habeas corpus. The
other charge on which he was convicted
is that of trying to get Mrs. McBride to
give up \$10,000 worth of property which
had been decreed to her by the chancery
court in divorce proceedings. The
proof showed that Judge Dubose was
working in the interest of the divorced
husband. This decision of the court of
impeachment removes Judge Dubose
from the bench as a judge of the
criminal court of Shelby county.

Wreck on the Norfolk and Western.
PETERSBURG, Va., June 2.—The
engine on an east-bound freight train
on the Norfolk and Western railroad
exploded this morning five minutes
before six o'clock near Waverly, a
small town between this city and Nor-
folk, wrecking fifteen loaded coal cars
and tearing up the track for some dis-
tance. The explosion was caused by
the crown sheet of the boiler blowing
off and badly wrecking the engine. No
one was injured except Engineer Potts
and Fireman Redgraves, who were con-
siderably scalded. Passengers to-day
on the east and west bound trains were
transferred and a track has been built
around the wreck and traffic resumed.

Receiver Asked for Domestic Company.
NEWARK, N. J., June 2.—A bill was
filed in the court of chancery yesterday
morning by Vice-President Blake, of the
Domestic Sewing Machine Company,
praying for the appointment of a re-
ceiver for the company. An order to
show cause was signed by Vice-Chan-
cellor Van Fleet, returnable on June 2
at the chancery chambers, in this city,
at 10 a. m. The application alleges as
the immediate cause of the company's
embarrassment the stringency of the
money market and the action of the
Astor Place Bank in attaching the com-
pany's New York property, and states
that the company is without funds with
which to continue its business.

The Epson Grand Prize.
LONDON, June 2.—This was the third
day of the Epson summer meeting, and
the principal event was the race for the
Epson grand prize of 2,000 sovereigns.

derazee. The Duke of Portland's bay
colt Raeburn, which ran third in the
Derby yesterday, was second, and Mr.

third.

Bowen and Jack Everhardt met last
night before the Olympia Club to con-
tend for the light weight championship
of the South and a purse of \$2,000.
Everhardt is taller than Bowen and
longer in the reach and is as large as
a 133 pound man as ever stepped into the
ring. Bowen won in the eighty-sixth
round.

Ives' Magnificent Billiard Score.
LONDON, June 2.—In the international
billiard match at Hineley's Circus Ives
did magnificent work this evening. He
got the balls jammed and scored 1,540
points in one run. His play throughout
the evening, moreover, was neater and
steadier than before since the beginning
of the match. The score now is: Ives,
(still playing), 4,001; Roberts, 3,481.

Disastrous Floods in India.
CALCUTTA, June 2.—Reports from
Manipur say that all the rivers in the
country have overflowed their banks,
have swept away the bridges and are
submerging villages and fields. Dozens
of dead bodies are floating down stream
in every river. At one point on a small
stream twenty bodies were recovered in
three days.

A Warning to Alsace.
BERLIN, June 2.—The Cologne Ga-
zette published this morning a leader,
supposed to be inspired, warning the
people of Alsace and Lorraine that if
they elect deputies opposed to the army
bill they will be regarded as doing their
utmost to menace the integrity of the
empire.

Quarantine Against Marseilles.
MADRID, June 2.—An official decree
has been published ordering a quaran-
tine for three days be established
against all vessels arriving from Mar-
seilles because a case of cholera has oc-
curred in the Spanish consulate there
and that there have been several fatal
cases of cholera outside the consulate.

AMONG THE WHEELMEN.

**Everything in Readiness for the
Big Meet This Month.**

The local members of the Virginia
Wheel Club held a meeting last night in
the rooms of the Y. M. C. A. and dis-
cussed plans and made preparations for
the race meet, which will be held at the
Lake and Driving Park June 16 and 17.
Much interest is being manifested in
this event by the local wheelmen, and
there is no doubt that the occasion will
be a great event to all interested in
cycling. The half mile race for the
championship of Virginia, which will be
contested for by wheelmen from differ-
ent points in the State, will be run on
Friday, June 16.

A large crowd may be expected in
Roanoke on that day, as invitations
have been already issued to all the
members of the Wheelmen's League in
the State.

The local members are making stren-
uous efforts to have Roanoke carry off
the honors, and as there will be some
splendid riders present from other
points, this race will be a spirited one.

The five mile championship medal of
the Virginia Wheel Club will again be
contested for on Saturday, June 17.
Those who attended the meet held
under the auspices of this club last
October will know that a fine entertain-
ment will be given at these meets.

The committee of arrangements were
instructed to prepare a large portion of
the grand stand especially for the use
of ladies and their escorts.

A letter has been received from
Prof. Will Wynne, of Raleigh, N. C.,
accepting the invitation of the club to be
present on both days of the meet and
give an exhibition of his skillful per-
formances on the wheel. Prof. Wynne
has attracted much attention through-
out the South by his remarkable per-
formances and the club is to be con-
gratulated on securing his services.

A parade to be participated in by 150
wheelmen will be given Saturday even-
ing, June 16. The route will be selected
later on and all the wheelmen in the
city are invited to appear in the process-
ion.

A mass-meeting will be held next
Tuesday evening at the Young Men's
Christian Association building and every
possessor of a bicycle in the city is
earnestly urged by the club to be pre-
sent, when the final arrangements will
be made for the great meet.

This bicycle meet is something new
in Roanoke and will, no doubt, be an
entertainment that will be heartily
enjoyed by a large number of citizens.
The local wheelmen deserves credit for
securing this splendid entertainment for
Roanoke.

GLASS FACTORIES TO CLOSE.
It Is Said That All the Trust Concerns Will
Stop.

PITTSBURGH, Pa., June 2.—It is stated
on good authority that a general shut-
down of the plate glass factories of the
country will take place within a month,
to last for an indefinite period. It is
given out as the reason for this action
that the factories in the combine have
become so overstocked that a suspension
of production is an absolute necessity;
not because of dull trade, but be-
cause the factories have no longer any
room to store their unsaleable product.

The opponents of the organization
hint that the above is not the real ob-
ject of suspension of production, but
that the trust means to diminish the
stock of glass in the market and then
raise prices. The general stoppage con-
templated will bring serious inconveni-
ence to thousands of men employed at
the factories. D. E. Wheeler, agent of
the trust, says that three of the plate
glass works have already closed because
of dullness of business, and admits that
it is possible that the others will cease
operations, as they are greatly over-
stocked.

The Prince of Naples Visits Germany.
BERLIN, June 2.—Emperor William
and his sons were at the Frederick
street railway station this afternoon to
meet Victor Emanuel, Prince of Naples
and crown prince of Italy. After the
emperor had embraced the prince and
the young prince had shaken hands
with him the party proceeded directly
to the Wild Park station in Potsdam,
whence they drove to the new palace.
The Italian crown prince was received
at the palace by the empress.

New Railroad and Mill.
THOMASVILLE, Ga., June 2.—Contracts
have been signed for the early com-
pletion of the Carrabelle, Tallahassee
and Georgia railroad to Tallahassee.
Arrangements are being made to build
on to Thomasville. All financial em-
barrassments of the company have been
removed by the sale of \$500,000 of first
mortgage bonds in Scotland. The com-
pany will also erect one of the largest
saw mills in the South at Carrabelle,
with a capacity of 100,000 feet of lumber
per day.

Agrarian Crime in County Clare.
DUBLIN, June 2.—Another agrarian
crime was committed to-day in county
Clare. A land agent named Moloney
started out this morning to collect rents
due from tenants in and about Tullah.
He was proceeding quietly along the
road when he was fired upon by several
men concealed in the bushes and se-
verely wounded. Seven arrests have
been made.

A Library For Grady Hospital.
ATLANTA, Ga., June 2.—The move-
ment started a few days ago by A. G.
Hobbs to secure a reading room and
library for the Grady Hospital is meet-
ing with great success. Already many
books and publications of a very sub-
stantial character have been received.
The authorities of the hospital have set
aside and are fitting up a room for the
library.

GLADSTONE'S ASSAILANT CONVICTED

**The Jury Found That he Was Guilty but
Irresponsible.**

LONDON, June 2.—Wm. Townsend, the
man who was suspected of intent to
murder Prime Minister Gladstone, was
put on trial to-day at the Old Bailey.
The defense was that Townsend was in-
sane. After hearing the evidence the
jury found that Townsend was guilty of
the crime charged against him, but was
irresponsible for his actions. The judge
thereupon ordered that Townsend should
be confined during her majesty's pleas-
ure, the usual order made when con-
victed persons are held to be irrespon-
sible on the ground of insanity.

The indictment recited that Town-
send had sent a letter to Mr. Gladstone
threatening to murder him. Townsend
was arrested on the night of April 26,
when he was seen to mount the steps of
Mr. Gladstone's residence shortly after
the premier had entered. In the strug-
gle with the officers who arrested him a
pistol in Townsend's possession was dis-
charged. It was subsequently found,
both from a diary in his possession and
a letter which he had sent to Mr. Glad-
stone, that he had intended to murder
the prime minister so as to prevent the
passage of the home rule bill. Town-
send belongs to a respectable family in
Sheffield, England, and had shown
previous signs of irresponsibility. He
will be confined in an asylum for the
criminal insane.

THE KAISER'S POLICY.
He Does Not Desire an Army Bill Conflict
With the Reichstag.

BERLIN, June 2.—Many contradictory
and unreliable statements have been
made since the dissolution of the reich-
stag as to the course the government
proposed to follow toward the new
reichstag, the members of which will
be elected this month. Among the
various reports was one to the effect
that if the new reichstag refused to
accept the army bill in its entirety it
would be dissolved and another election
held, and that the same course would
be followed until a reichstag amenable
to the military demands of the govern-
ment should be elected.

The government does not desire to
antagonize the electors, and to day it is
denied officially that the emperor or his
responsible ministers are seeking a
conflict with the new reichstag. On
the contrary, the government is willing
to negotiate for the adoption of the
army bill on the basis of the amendment
offered in the last reichstag by Baron
Von Huenne, the centrist leader, in re-
gard to the number of new men to be
added to the army.

Tobacco Injured by Cut Worms.
UNDER MAHABOW, June 2.—During
the recent rainy weather a number of
farmers in this neighborhood planted a
portion of their tobacco crop. The cut-
worms have destroyed nearly half of
the plants that were set out. They are
more destructive this year than for
many years, and those who have planted
now regret that they did not wait till
the weather became warmer. The
worms are driven in the ground by the
heat, and as it has been cool and cloudy
they have done much more damage than
usual.

Artificial Limbs for ex-Confederates.
COLUMBIA, S. C., June 2.—Checks are
being sent out under the State fund for
supplying artificial limbs to ex-Confed-
erate soldiers. Altogether there are 254
approved applications. The board has
divided the applications into four
classes. Those who lost an arm below
the elbow get an allowance of \$15; those
who lost an arm above the elbow get
\$10.00; those who lost a leg above the
knee are allowed \$20, and those who
lost that member below the knee are
apportioned \$20.

Jefferson Davis' Sons Reburied.
RICHMOND, Va., June 2.—The remains
of Joseph, William Henry, and Samuel
Emory Davis, sons of the late president
of the Confederacy, and his grandson,
Jefferson Davis Hayes, were reinterred
in the Davis section at Hollywood this
evening. Mrs. Davis and her immediate
family, together with Mayor Ellyson,
president of the Jefferson Davis Monu-
ment Association, alone witnessed the
consignment of the bodies to the graves.
There was no funeral ceremony what-
ever.

Shot the Wrong Boy.
DANVILLE, June 2.—Last night a
white boy about eight years of age, and
a colored boy the same age got into a
fight in North Danville. The colored
boy threw a brick at the white lad
whereupon the latter ran in the house,
seized his father's shotgun and fired at
him, but several shots struck another boy
standing near by, painfully but not
seriously hurting him.

French Electoral Bill Passed.

public officials and all clergymen.
